

Information Services Group (Scotland) Programme of events

ISG (Scotland) supports Members' interests in the provision of information services by promoting activities that improve the effectiveness of information provision to all sectors of society.

Visit & Tour [contact Joan Black, 01292 272244, joan.black@south- ayrshire.gov.uk]	Burns Monument Centre, Kilmarnock	10 July 2009, 2pm
Study Day – Exploiting e- Resources	UWS Paisley Campus	29 October 2009

Members and non-members are welcome to attend events, subject to available spaces. Enquiries may be directed to any committee member (details available via the CILIP website) or to the Secretary, Louise McCarron (l.mccarron@nls.uk)

Going Places with ISG London & South East

The area covered by the London and South East Section of ISG includes a range of libraries and information services probably unrivalled anywhere else in the UK. The Section also has a significant proportion of the ISG membership, so the Section Committee aims to offer a programme of visits to members in the knowledge that there is likely to be a good response. On average the programme features about half a dozen visits each year, sometimes more, sometimes less, often linked by a theme.

Visits are normally advertised in the CILIP Calendar and on the ISG L&SE website¹. For further information please contact the current Visits Secretary Alan Power: email apower@buckscc.gov.uk
